We have received information that indicates your employing unit may be a nonprofit organization. However, your account has been determined liable as a regular employer until you submit a copy of your 501(c)(3) determination letter from the Internal Revenue Service.

An employing unit exempt under Section 501(c)(3) of the Internal Revenue Code qualifies as a nonprofit organization under the Florida Reemployment Tax Program Law. If you employ four or more employees who perform services for some portion of a day during 20 different calendar weeks within a calendar year, you are liable for payment of reemployment tax.

If your organization does not employ four or more employees for any portion of 20 weeks within a calendar year, you may elect to provide voluntary coverage for the person(s) you employ in Florida. Complete and submit the *Voluntary Election to Become an Employer* (RTS-2).

If your nonprofit organization is liable or if you elect voluntary coverage for your workers, you may choose one of two reporting methods: the tax rate method or the dollar-for-dollar reimbursement for actual benefits paid. Refer to *Information for Non-Profit Organizations* (RTS-1C). Use the *Election of Nonprofit Organization Method of Payment Under the Florida Reemployment Tax Law* (RT-28), to indicate the reporting method of your choice. This form must be signed by an authorized person and returned within 30 days of the "Mailed on or Before" date shown above or we will automatically assign the tax rate method.

When we receive your completed forms and a copy of your 501(c)(3) issued by the Internal Revenue Service, we will update our records to reflect your correct status. All referenced forms are available on our Internet site at www.floridarevenue.com.

You may enroll to file reports and pay taxes electronically on the Department's website at www.floridarevenue.com/dor/eservices.
